

My 27" rubber version is loosely based on this 42" electric plan of the German DO-X by Don Srull.
 Much of the structure was altered and lightened for rubber power. Italian pylons and nacelles were added.

DORNIER Do X
 FOR ELECTRIC POWER FREE-FLIGHT
 42" SPAN 365 IN. AREA
 POWER - 6 HILLING LTD. ATLAS
 ALL-UP WT. 20 GR.
 DESIGNED BY DON SRULL 1977

RECOMMENDATIONS
 ① GROSSFLUGSCHIFF DORNIER DOX 1912 FROM DORNIER ARCHIVES
 ② "AIR ENTHUSIAST" 413 1970
